**Construction Update** - Becky Brandt - Biggest news is the sidewalk is now open from Center Rd. A gate will be installed so it can be locked if necessary. Admin talked this morning about closing the lower gate but this may be inconvenient for students who need to walk to Sparta. If students want both gates to be kept open she suggests contacting Mr. Mukai. Jill Chastain suggested PTSA contact the administration on behalf of the students about keeping the old gate near the football field open as well as the new gate. Construction crew is looking forward to Spring Break so they can achieve heavy work like installing air conditioning units while students are gone. Becky passed out a map of plans for summer. The cafeteria and the auxiliary gym will be completed. They will not do home economics due to the shortened summer vacation. New hallways will be created to make the new areas of the school accessible. Goal is August 15, 2017 or by start of school. PTSA President Chris McFadden had two questions for Becky Brandt:

Q1: Students playing hockey on the football field - unsafe? A: This will be addressed in the future and not allowed.

Q2: Why were there still frozen sidewalks and stairs on the day we had the 2-hour delay? A: This was dangerous and will they be treated in the future? Yes, maintenance will take care of this.
